

With a good coach, you're at an advantage: You get skills and training tailored just for you—whether it's on the playing field or in an online course. CLTC's Coached eCLTC course provides you with trusted, expert coaching in an online setting. Rely on our proven track record as the premier LTC training company with 20-years' experience delivering excellent extended care planning instruction.

What is Coached eCLTC?

Coached eCLTC is the online version of our Certification in Long-Term Care course which also includes four weekly 90-minute coaching sessions from seasoned CLTC instructor, Betty Doll.

Coached eCLTC Goal

At the end of the four-week course, you'll be ready to take and pass the CLTC exam and become a certified extended care planning professional.

Coached eCLTC Advantages

- ✔ **It's convenient and fits into your busy schedule.** You can take the Coached eCLTC course on your own time and at your own pace. It's set up as an independent online learning experience, so no need to worry about travel.
- ✔ **It's comprehensive and practical.** You get the full course with expert direction from Betty Doll so that core concepts have personalized, direct applicability to your role as a financial planner.

About the Instructor: **Betty Doll**

Betty is the Principal of Doll & Associates Long-Term Care Insurance Services in beautiful Asheville, North Carolina. Since 1998, she has specialized exclusively in long term care insurance sales and training. Betty has been an instructor for the Certified in Long-Term Care designation course since 2000 and was instrumental in the development and delivery of LTC Partnership training through CLTC.
